

Improvements in your area

As of March 6, 2023, DTE Energy crews and contractors are working in the City of Charlevoix for approximately 10 weeks, to help ensure safe, redundant and more reliable natural gas service.

In an effort to help enhance natural gas service, this work will update technology and improve gas lines. This means we'll be creating a backup of gas service on both sides of the Pine River Channel to ensure reliability for all local homes and businesses.

Work will be conducted between 7 a.m. and 7 p.m., Monday through Saturday.

Please be aware of temporary sidewalk closures and some unavailable parking.

Please note that while this project will require a traffic shift on US 31 in downtown Charlevoix, two-way traffic will remain open throughout the project.

Questions?

Call: 231.753.7229, Monday through Friday, 8 a.m. to 4 p.m.

Please leave a message and we will return your call within two business days.
